January 2008

PROFESSIONAL EXPERIENCE:

Franke & Associates, Owner

present

Providing consultation and project management – specializing in governmental affairs, non-profit management, fundraising, facilitation, communication, strategic planning, and advocacy.

Open Doors Consulting, Founding Principal

present

Recognizing that government has a direct impact on the lives of the people they serve and that business can play an integral role in meeting those needs, ODC *Helps Business Help Government Serve People*.

Commissioner, Marion County

1979 – 2003

Elected to six four-year terms on a full-time, three-member board responsible for setting policies, procedures and budget for all county functions and day-to-day operations of non-elected departments. Served on numerous national, regional, state, and local boards and commissions. In addition, was the lead on many notable projects which saved taxpayer dollars, put criminals behind bars and protected our environment. Elected President of National Association of Counties and Association of Oregon Counties and served on various committees within both organizations. Frequent guest speaker, panelist and moderator at numerous national and state programs involving solid waste management, children and family issues and local collaborative community planning.

Manager, Marion County Risk Management Program

1974 – 1979

Researched, analyzed, and recommended establishment of Marion County's first risk management program to comply with 1973 Oregon Safe Employment Act. Developed self-insurance program that cut loss time accidents and liability exposure and saved more than \$1 million a year.

EDUCATION

University of Oregon, BS, 1969

Western Oregon University, MS, 1974

Harvard University, 1980

John F. Kennedy School of Government – Three-week program for executive level decision-makers in state, county and municipal government.
